August 2010

Over the past year, the Bentonville Public Schools Foundation has successfully raised awareness and support for our annual campaign, BOLD FOR GOLD. As a supporter of educational excellence, we invite you to join us by continuing to strive to make a significant impact in the "above and beyond" quality of educational resources we are providing through your generous donations. Your investment in the Foundation has the power to create a myriad of choices in exceptional learning opportunities for our students in the Bentonville Public Schools.

Our 2009 Campaign raised \$17,250 over our \$100,000 goal, a goal we expect to top in 2010! Bold for Gold funds these programs along with other donor requested gifts.

- **Grants to Teachers** - creative and innovative methods that better serve the teacher's ability to further enrich the student's learning experience, encompassing literacy, math, fine arts, technology and classroom enrichment.
- **Making the Difference** - grass root intervention programming, providing each school with extra funding to help students raise benchmark scores to proficient or advanced levels.
- **Academic Signing Day** - Recognizing graduating seniors who receive significant academic scholarships and the teachers who made a outstanding impact in their educational success.
- **National Board Certification** - Our intent is to raise the standard of teaching for all teachers in order to advance student achievement by financially assisting those teachers who desire to advance their education and take their teaching skills to a higher level.

Please consider helping the Foundation reach our 2010 campaign goal of \$150,000. We will again offer yard signs that show others your support of our schools. A \$100 or more tax-deductible donation to the Bentonville Public Schools Foundation will secure your BOLD FOR GOLD yard sign.

It is more important than ever that our children receive an education that prepares them for success in our global marketplace. This is a great cause! We're doing terrific work to improve our schools and we need your help. The time is now! Learn more! Get involved! Be a part of changing the lives of the children who will lead this community and nation into future prosperity.

Sincerely yours,

Debi Havner, Board President
